THE WOULD-BE CHAIRMEN

Who Will Want to Head Investigating Committees.

Mr. Spitzer's Vienna Lawyer's Suburban Record—The Case of Postmaster Chamberlain—Gen. Grant and Gen. Butler—An Appeal from the State Department to the Secretary of Congressmen Asked What He Recommends.

WASHINGTON, D. C., Dec. 15.—[Special.]—There is nothing new about Congressman Spooner of Illinois. He wants to be chairman of the House Committee on Territories, and has petitioned his views to anyone who is the least accessible to the Committee on Territories and taking petitions. Mr. Spooner is always advocating the opposite views, though he sometimes says he knows nothing about it. For a day or two it was known as sure news that the Speaker had promised him the Territories Committee when the time arrives for appointing the committees, but it was denied by the Chairmanship of the Committee on Ways and Means. If he gets on the Ways and Means Committee he will have to give up the other two committees. One thing is the fact of the Committee on Ways and Means from parties are promptly on the appointment of the Speaker, the Speaker feels it to be his duty to appoint the best men he can get to fill the committee, and that does not always result in the appointment of the best men. The Speaker feels that he has been appointed to the Ways and Means Committee, but not to the Committee on Appropriations, and that is the reason why he has been appointed to the Committee on Ways and Means Committee. The Chairmanship of the committee seems to be the most desirable position in the House, although the chairmanship of the Committee on Appropriations is also a very desirable position. The Committee on Ways and Means has jurisdiction over all the revenue laws of the country, and the Committee on Appropriations has jurisdiction over all the appropriations made by Congress

M. Tirard to Admit to Parliament the Fact, but Declines—M. Floquet May Be Chosen—The Attempted Assassination of M. Ferry—A Rather Pleasant Day Worse of Irish Landlords Beneath Mr. Gladstone's Benevolent Intelligence Some Time Over the Hill.

PARIS, Dec. 11.—M. Fallieres went to the Elysée today and informed President Carnot that he had found it impossible to form a Cabinet on the basis of a concentration of the Republican groups, and had therefore abandoned the attempt. M. Ludovic said several other statements to whom M. Fallieres made overtures declined to take office.

The President asked Senator Tirard to try to form a Cabinet.

M. Ludovic refused to join a Cabinet under M. Tirard, on account of the latter's opposition to form a Republican alliance and his opposition to Boulanger. It was also stated that M. Tirard will therefore abandon the task. The impression prevails that M. Floquet will be summoned to form a Cabinet.

THE ATTACK ON M. FERRY.

Threatening Words—The Would-be Assassin Refuses.

PARIS, Dec. 11.—A bulletin issued this evening says that the condition of M. Ferry is satisfactory. He was feverish today, and it was feared the wounds would be aggravated. He spent a feverish night, but was able to rise this morning. He has received thousands of cards and letters, and Deputies and Senators of all parties have called at his residence and signed the register.

At midnight the condition of M. Ferry was very favorable.

The police yesterday, regarding the condition of M. Ferry's wound as favorable, released the man who fired the shot, and who claims to be a journalist named Lepine. The police evidently do not believe the statement of the latter, and think the pistol is probably in need of repair.

M. Ferry called upon M. Ferry yesterday to offer his sympathy. He was introduced into the sick man's room, and remained a quarter of an hour. The visitor found M. Ferry too weak to converse. The physicians say M. Ferry has received a terrible shock, and it will be days before the result of the operation can be known. The doctors, however, are hopeful of M. Ferry's recovery. The doctors and attendants of M. Ferry in the sick room are constantly changing, in order that the strain upon them may be relieved. The wife of M. Ferry is overcome with grief.

M. Ferry has received many telegrams of sympathy from all parts of France. The Deputies and Senators who called to inquire after the health of M. Ferry to-day numbered 200. The Ministers called in a body. The Chamber of Deputies has appointed a committee to visit M. Ferry.

M. Lepine, the man who fired the shot at M. Ferry, is a native of Caen, and is 24 years of age. He is a journalist by profession, and has been employed on the staff of the Paris Figaro. He has been in the habit of frequenting the lobbies of the Chamber of Deputies, and has been known to the attendants there as a man of violent temper. He has been heard to say that he would shoot M. Ferry. He was arrested immediately after the shooting, and was taken to the police station. He was searched, and a revolver was found in his pocket. He refused to give his name, and declared that he would not answer any questions. He would have nothing to say, he said, to the examining magistrate. He was then taken to the Conciergerie prison, where he was searched, and after answering questions put to him by the governor of the prison, was locked up in a cell. He refused to eat any food, and remained in a sullen mood. He was visited by his counsel, M. Lagasse, who was appointed by the court to defend him. M. Lagasse, on leaving the prison, said that his client refused to say anything in his defense. He declared that he had no accomplices, and that he had acted entirely on his own responsibility. He had been in the habit of frequenting the lobbies of the Chamber of Deputies, and had often seen M. Ferry there. He had no personal grudge against M. Ferry, but he considered that he had been betrayed by him, as the latter had broken his promises.

Lepine is suffering from pulpitis, and will undergo an operation on Wednesday.

QUEBEC, Dec. 11.—The case of the Church versus Lynch continues to occupy attention because of the reports of the appointment one of the presidency of the Province and to the succession to Archbishop Taschereau. In the meantime it is highly satisfactory to know that the Imperial Government is not using an English man, to influence the Pope in the matter of the appointment of a successor to Archbishop Taschereau. LONDON, Dec. 11.—The apocryphal of the Stanford Library authority, after a private conference, have issued a circular declaring that reports from every part of the country show that the Columbia have made great progress during the last few months, and that the continued success of the Columbia seems assured. The recently they arrange further steps to strengthen that part of a treaty with Englishmen, Scotch and Irish citizens with the Government, and will effect with the Government, and will have been made.

The Tobey Furniture Co.

STATE AND ADAMS-STS.

Modern art has produced nothing in which the useful and the beautiful are so admirably combined as in Household Furniture.

Nothing can be more appropriate or more highly appreciated as a Christmas Gift.

In the profusion of designs shown by this Company, in all departments, every taste can be met, and the wide range of prices suits every purse.

Musical Boxes.

Paramount to all other considerations in a Musical Box is quality, nothing being so unendurable and worthless as a Musical Box out of tune, or one which confines music imperfectly. This object can be obtained only by selecting goods of a high grade, and from merchants whose names lend a guarantee to the article. We offer the only Boxes in this market selected in person from the best Swiss makers, and our stock in this year the largest, as well as the choicest, ever shown here, ranging in styles from the 1-Air Toy Box up to the magnificent 10-Air Box with interchangeable cylinders. Every improvement of merit is embodied in our Boxes, while the selection of tunes embraces not only the pleasing airs of the day, but standard melodies, such as Operatic Selections, Dance Music, Popular Songs, together with some of the well-known Home Melodies so beloved at the fireside. This season's importation contains also a line of Musical Novelties, such as Musical Albums, Cigar Stands, Decanters, and Beer Mugs in great variety.

Our unequaled facilities for purchasing enable us to furnish superior goods at the prices at which inferior articles are offered by others, and where no offer responsibility is assumed by the seller.

We are the only house employing skilled Swiss Musical Box workmen, and every Box receives their inspection before delivery; therefore, all purchases made from this house can be relied upon as proving satisfactory.

Illustrated Catalogues mailed free, and safe delivery in shipment guaranteed.
